**OPERATION AND MAINTENANCE,
WESTERN AMMUNITION WORKSHOP
EL HAIKSTEP, EGYPT
W912ER-04-R-0031**

POC: Nancy R. Aronhalt, 540-665-3686, Nancy.R.Aronhalt@usace.army.mil

DESC: This announcement is for the purpose of soliciting names of firms interested in submitting an offer for award of a Performance Based Service Contract for Operation and Maintenance (O&M) services, with performance at Haikstep, Egypt. Eligible contractors will be limited to: (1) U.S. firms, or (2) Joint Ventures between U. S. Firms, including at least one U. S. firm, (3) Joint Ventures between U. S. firms and Egyptian firms, including at least one U. S. firm. To be considered a U. S. firm, the firm must have experience in O&M services as a portion of its business; must be incorporated and have its corporate headquarters in the U.S. for a minimum of three years; shall have filed state and federal income tax declarations for a minimum of three corporate years within the preceding four-year period, having paid any applicable taxes determined to be due as a result of such filing; and employ U. S. citizens in key management positions. To be considered an Egyptian firm, the firm must be a minimum of 51 percent Egyptian ownership; and an independently owned firm. Egyptian firms which are partially or wholly owned by or otherwise affiliated with the Government of Egypt or its agencies are ineligible. Performance and payment bonds will be required. The estimated cost of this project is between \$1,000,000.00 and \$5,000,000.00.

PROJECT SCOPE: The Western Ammunition Workshop (WAW) is an ammunition demilitarization and maintenance facility. This project will mainly provide for the maintenance of the Ammunition Peculiar Equipment (APE), as well as for the maintenance of the facilities, facility support systems equipment and infrastructure. In addition, the contractor will be required to operate selected items of facility support equipment as part of their technical support function. However, for the APE equipment, only contractor personnel who have been trained in handling APE may operate the equipment. The WAW includes a fire pump house, ammunition maintenance facility, propellant collection building, flammable storage building, an autoclave facility and a small ammunition demilitarization furnace. The autoclave facility includes a utility building and a deactivation facility. The following utility equipment and systems are included in this contract; chillers, air handling units, exhaust fans, power conveyers, diesel transfer, monorails, boilers, standby generators, telephone system, and power system. The project site is within the boundaries of a military controlled area near El Haikstep, Egypt.

CONTRACT PROCEDURES: The Request for Proposal (RFP) will only be issued to qualified firms who have responded to this notice indicating interest in submitting a proposal. Copies will not be released to Suppliers or Plan Rooms. Hard copies of both a technical and price proposal will be required. The resultant contract will provide for a Base Year duration, with four One-Year Options, for a total of five years. A 'Best Value Tradeoff' Process contracting method will be used to evaluate proposals. The evaluation will include both Non-price and Price factors. Price will be considered slightly more important than the overall non-price rating in determining the best value offeror. Under the Non-Price Evaluation Factors, Experience and Past Performance will be equally weighted. Management Capability, which will include proposed ammo-experienced key staff, will have significantly more weight. Type of contract shall be a Firm Fixed Price Performance Based Service Contract with only one award on an 'All or None' basis. The procurement is on behalf of the Egyptian Government and does not obligate appropriated funds of the U.S.

SITE VISIT: A pre-proposal site visit is tentatively scheduled for the week of 11 July 2004. Firms may not have more than two (2) representatives attend the site visit. The following information is required to process base passes for individuals wishing to attend the site visit and MUST be received no later than 18 June 2004 by the Transatlantic Program Center, Egypt Office by fax (011-202-359-6131) or by mail Transatlantic Programs Center, Egypt Office, U. S. Army Corps of Engineers, ATTN: Mr. Tamer Kafafi, Unit 64901 Box 41, APO EA 09839-4901. A copy of the application should also be sent to Transatlantic Programs Center, U.S. Army Corps of Engineers, P.O. Box 2250, Winchester, VA 22604, ATTN: Bill Proffitt or by fax (540-665-3625).
